

The smart voice and data solution that simplifies the way you connect for business.

Simply put, Telesphere offers highly advanced, easy-to-use phone and Internet service that works FOR you. Wherever and whenever you're working.

KEEPING THINGS EASY

A trailblazer in the business telecommunications industry, Telesphere keeps things easy. So, you get the power of a fully featured, fully hosted telecom solution, completely managed and maintained by Telesphere.

With Telesphere you can resign the hassles of confusing phone systems and multiple vendors to history, giving you the time to focus on the future of your business.

What our customers have to say...

Telesphere has truly become a partner in our company's growth. Thanks to Telesphere's powerful hosted technology, they have deployed and managed the phone, Internet and wide area network services for more than 70 of our locations, without increasing our costs for IT support or management. Telesphere has offered us world class customer service and support, and will continue to be an integral part of our future growth plans.

- IT Director, Financial Company with 70+ locations

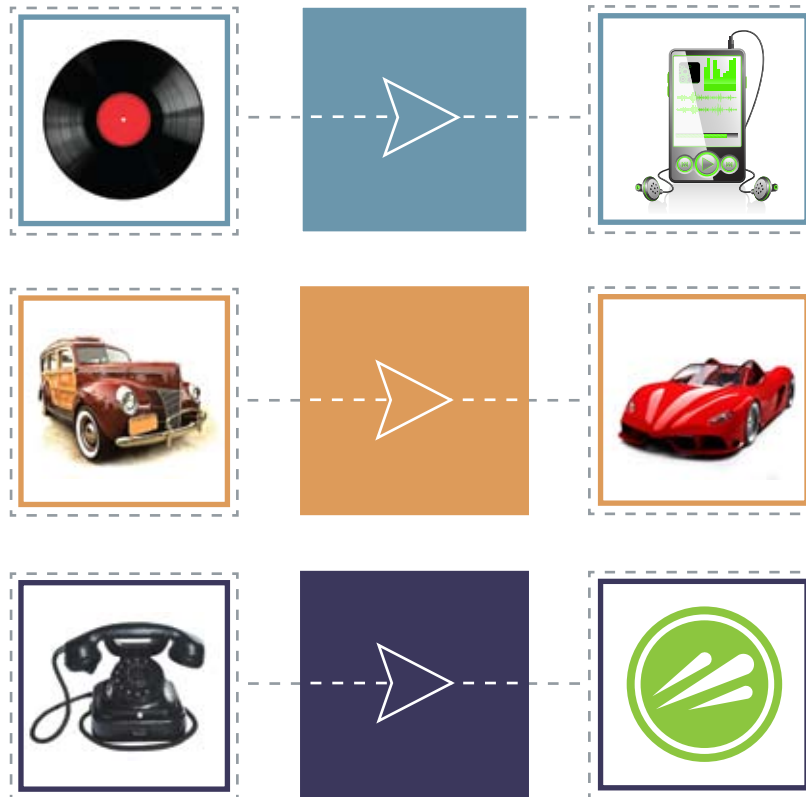

Thanks to Telesphere's technology, we moved our entire customer service, accounting and operations teams to another country while enhancing our service offering. The ability to network our offices with quality voice communications in a seamless infrastructure system has saved us well over \$250,000. The choice was a simple one.

- President, International Custom Toy Manufacturer

TODAY'S SMART CHOICE FOR BUSINESS PHONE AND INTERNET SERVICES

With strong financial backing from well-known telecom pioneers, Telesphere is headquartered in Phoenix, Arizona, and led by executives who have powered some of the most successful telecommunications companies of the past two decades.

Telesphere is the nationwide provider of smart voice and data solutions for business.

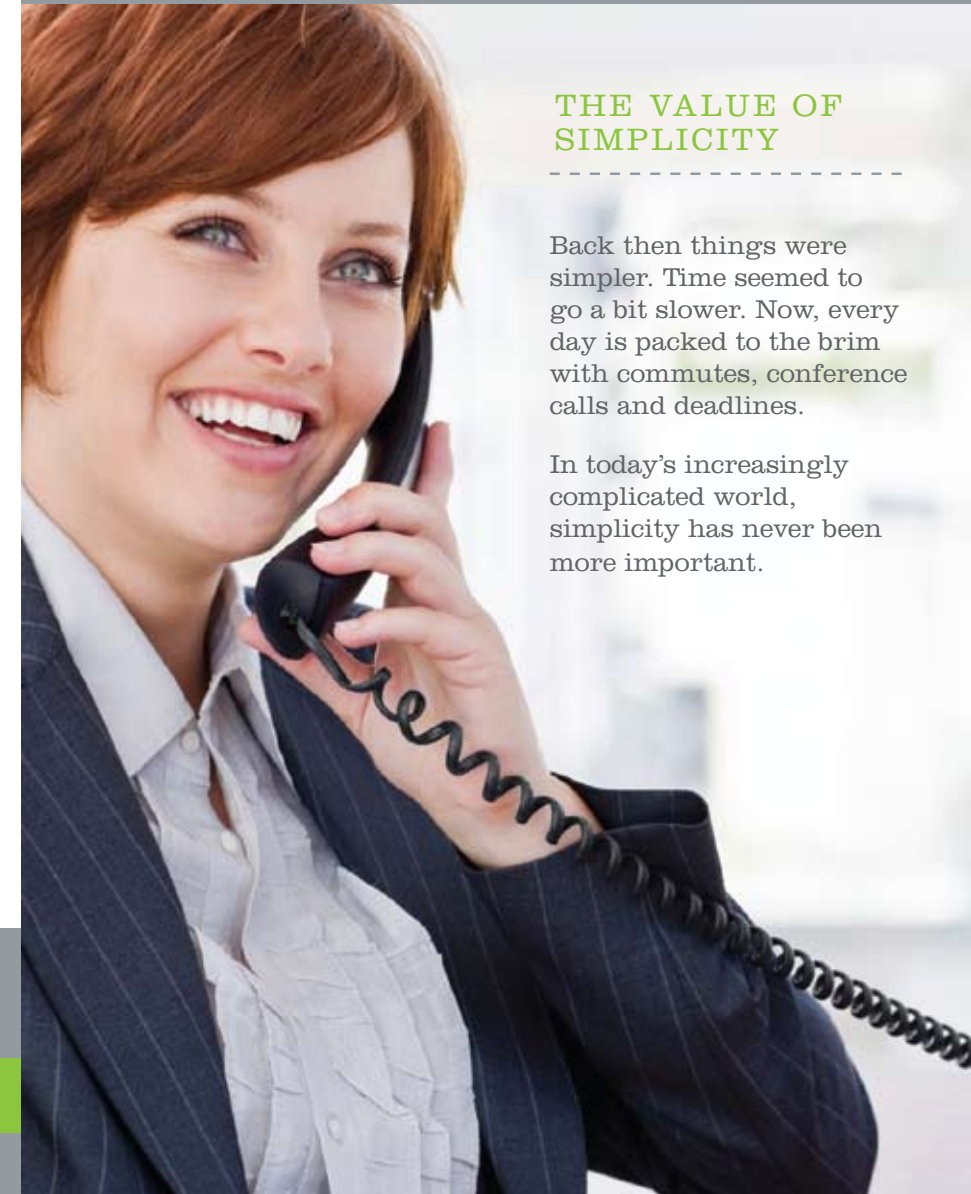

THE VALUE OF SIMPLICITY

Back then things were simpler. Time seemed to go a bit slower. Now, every day is packed to the brim with commutes, conference calls and deadlines.

In today's increasingly complicated world, simplicity has never been more important.

That Was Then. This Is Now.

THIS IS NOW

What makes Telesphere so powerfully simple?

- Turnkey phone and Internet service
- No expensive equipment to purchase or store
- Single provider with 24/7 support
- Easy management of calls, contacts, voicemails and emails
- Private, secure VoIP connection
- Built-in redundancy and disaster recovery
- Straightforward per-seat pricing
- No maintenance contracts

4-Digit Dialing

Nationwide 4-digit dialing makes your west coast office feel like it's down the hall from your east coast office. Free nationwide long distance is included.

Click to Dial

Dial a contact by simply clicking on any number in your Outlook directory or highlighting and clicking any number in your web browser.

Voicemail to Email

Incoming voicemail messages appear alongside your email, so you can play a message from your desktop, file it for safekeeping or forward it to your entire team—all with point-and-click convenience.

Simultaneous Ring

One number can ring in several locations at the same time—at the office, at your home office and on your mobile. That way you never miss a call, even when you're on the road.

THE TELESHERE DIFFERENCE

A CUSTOMIZED VoIP BUSINESS SOLUTION FOR EVERY BUSINESS

Telesphere can provide complete voice and data solutions, from connections and hardware, to service and monitoring, or supplement your existing telecom solution with the latest telecom features.

Telesphere Complete™

Fully hosted, fully managed phone and Internet service, complete with business-class IP phones, installation and comprehensive user and system features.

Telesphere Select™

The same excellent service and features of the Telesphere Complete solution, tied in with your existing compatible IP phones.

Telesphere Connect™

The T-1 connection your system needs to realize its full potential. Gain access to the latest features and benefits using your existing phones and phone system.

Telesphere Fusion™

One unified telecom solution, fusing Telesphere's full-featured service with your existing Internet connection. No waiting for your ISP contract to end.
