

Who is Clearfly?

Clearfly has been in business since 2007, providing thousands of business across the United States with voice and data services. Our strategically designed data centers reside in Billings, Montana, and in Seattle, Washington. Designed with N^1 to N^1 redundant systems. Clearfly provides the availability that you can depend on.

Our Mission

To provide SMB and Enterprise businesses high caliber, scalable "large business" like voice, data, and mobile services at a cost that is affordable.

Why Clearfly?

- Consolidate your data, voice networks
- Reduce communications costs
- Eliminate long-distance charges
- **Save up to 50%** in communications costs

All of this without replacing your phone system!

All the *reliability* and *quality* of land-line voice bundled with the *performance* and *functionality* of *dedicated high-speed Internet access*. With any of our Clearfly services your business can get local, long distance voice services; or add dedicated Internet access and make it one simple, reliable package. It all starts by designing a custom voice and data proposal... and oh, don't tell the phone company, but..... **all of your long-distance is on us!**

Clearly Provides

Utilizing the most advanced voice services technology, Clearly provides businesses with communication solutions that include local, long-distance, toll-free, fax-to-email and Internet access. We provide our customers with:

- easy to manage services
- simple to understand bills
- low flat rate pricing for predictability
- personal customer service

Our Network is Resilient and Redundant:

- **Fiber Optic Network**
A multitude of the nation's top fiber optic carriers make-up the redundant Clearly backbone network. Allowing customers to enjoy end-to-end communications services that they can depend on
- **Voice Infrastructure**
Clearly's voice services are powered by a redundant mix of the most highly rated and industry standard Class 4 and 5 voice hardware manufactures.

Unparalleled Service

Even in the age of email, instant messaging and video conferencing, Clearly realizes how vital voice service is to your business. As a result, we have engineered our services to provide your company with the same level of reliability you have learned to expect from a traditional phone service provider.

Our service level agreements are unparalleled in the voice-over-IP world, thanks to the choice of the best-of-breed network components and service partners. Even more importantly, the knowledgeable technicians that man our **24/7 Network Operating Center** are 100% committed to achieving the highest degree of customer satisfaction.

Dedicated to Quality

Peering in the Seattle Internet Exchange connecting Clearly to hundreds of Content and Voice Providers including NewEdge, AT&T, Covad, Megapath, Frontier, Google, Yahoo!, Facebook, Microsoft and More!
