

Grandstream Receives 2020 Unified Communications Product of the Year Award

GXV3300 series of IP Video Phones for Android™ Honored for Exceptional Innovation

Boston, MA, USA – August 10, 2020 — Grandstream announced today that [TMC](#), a global, integrated media company and online, has named the GXV3300 series of IP Video Phones for Android™ as a 2020 Unified Communications Product of the Year Award winner.

[The GXV3300 series of IP Video Phones](#) for Android combines a 16-line IP video phone with a multi-platform video collaboration solution and the functionality of an Android tablet to offer an all-in-one communications solution. The series delivers a powerful experience through a capacitive touch screen, built-in camera, HDMI in/out for content sharing, and HD video support. These award-winning IP Video Phones runs on Android and offers instant access to the millions of Android apps. The GXV3300 series includes 3 models, the GXV3350, GXV3370 and GXV3380. By combining a state-of-the-art IP video phone, an advanced video collaboration solution, and the functionality of an Android tablet, the GXV33300 series provides a powerful desktop communication and productivity solution, ideal for busy professionals, remote workers, telehealth and residential solutions.

“It gives me great pleasure to honor Grandstream as a 2020 recipient of TMC’s Unified Communications Product of the Year Award for their innovative solution, the GXV3300 series of IP Video Phones for Android,” said Rich Tehrani, CEO, TMC. “Our judges were very impressed with the ingenuity and excellence displayed by Grandstream in their groundbreaking work on their innovative series of IP Video Phones.”

Winners of the 2020 Unified Communications Product of the Year Award will be announced online and highlighted in [INTERNET TELEPHONY](#) magazine online.
