

# GXV3350

## High-End Smart Video Phone for Android™

### About the GXV3350

The GXV3350 IP Video Phone for Android combines a 16-line IP video phone with a multi-platform video collaboration solution and the functionality of an Android tablet to offer an all-in-one communications solution. This IP video phone delivers a powerful experience through its 5-inch 1280x720 capacitive touch screen, tiltable camera, HDMI output, dual microphones and support for 720p HD video.

### Product Positioning

By combining a state-of-the-art video phone, an advanced video collaboration solution, and the functionality of an Android tablet, the GXV3350 offers businesses throughout the world a powerful desktop communication and productivity solution.
